

Ohio Revised Code

Section 1547.02 Applicability of chapter to vessels operating on the waters in this state.

Effective: July 17, 2009

Legislation: House Bill 1 - 128th General Assembly

Unless otherwise provided, this chapter applies to all vessels operating on the waters in this state. Nothing in this chapter shall be construed in contravention of any valid federal act or regulation, but is in addition to the act or regulation where not inconsistent.

The state reserves to itself the exclusive right to regulate the minimum equipment requirements of watercraft and vessels operated on the waters in this state.
