

Ohio Revised Code

Section 1551.18 State purpose to promote efficient utilization of energy.

Effective: December 14, 1977

Legislation: House Bill 415 - 112th General Assembly

The general assembly finds and declares that it is an essential government function and public purpose of the state to promote the efficient utilization of energy, encourage the increased utilization of the state's indigeneous energy resources, promote the development of renewable energy resources, and foster increased cooperation among all levels of government for the preservation or creation of jobs and employment opportunities, the encouragement of economic growth, the promotion of the general welfare, the protection of the public health and safety, and the protection of environmental quality.
