

Ohio Revised Code

Section 1905.32 Fines and forfeitures recovered.

Effective: November 6, 1959

Legislation: House Bill 571 - 103rd General Assembly

Fines, penalties, and forfeitures may, in all cases, and in addition to any other mode provided, be recovered by action before any judge of a county court, or other court of competent jurisdiction, in the name of the proper municipal corporation, and for its use. In any action in which a pleading is necessary, it is sufficient if the petition sets forth generally the amount claimed to be due in respect to the violation of the ordinance of the municipal corporation. Such petition shall refer to the title of such ordinance, state the date of its adoption or passage, and show, as near as is practicable, the true time of the alleged violation.
