

Ohio Revised Code

Section 307.633 Chairperson of drug overdose fatality review committee.

Effective: September 30, 2021

Legislation: House Bill 110 - 134th General Assembly

If a drug overdose fatality review committee is established under division (A) or (B) of section 307.631 of the Revised Code, the board of county commissioners, or if a regional drug overdose fatality review committee is established, the group of health commissioners appointed to select the health commissioner to establish the regional review committee, shall designate either the health commissioner that establishes the review committee or a representative of the health commissioner to convene meetings and be the chairperson of the review committee.
