

## Ohio Revised Code

### Section 3113.457 Requirements for account establishment.

Effective: September 8, 2016

Legislation: House Bill 359 - 131st General Assembly

---

Nothing in sections 3113.45 to 3113.459 of the Revised Code shall preclude a wireless service provider or reseller from applying to the petitioner any routine and customary requirements for account establishment as part of the transfer, including identification, financial information, and customer preferences.
