

Ohio Revised Code

Section 3326.38 Permitted applications by schools.

Effective: September 29, 2013

Legislation: House Bill 59 - 130th General Assembly

A science, technology, engineering, and mathematics school may do both of the following:

(A) Apply to any state or federal agency for grants that a school district or public school may receive under federal or state law or any appropriations act of the general assembly;

(B) Apply to any private entity or foundation for additional funds.
