

Ohio Revised Code

Section 3375.80 Libraries designated as resource centers.

Effective: November 25, 1969

Legislation: Senate Bill 262 - 108th General Assembly

To encourage and make available adequate library reference and research facilities, the state library board may designate certain libraries as resource centers and develop and encourage cooperative steps to link these centers with other libraries in a reference and information network. Such designation shall be made subject to the approval of the governing boards of the libraries. Grants may be made to these libraries and to other libraries which share their resources and facilities on an interlibrary basis.
