

Ohio Revised Code

Section 3701.942 Reporting requirements for certified patient centered medical homes.

Effective: September 29, 2013

Legislation: House Bill 59 - 130th General Assembly

(A) Each certified patient centered medical home shall report health care quality and performance information to the department of health, including any data necessary for monitoring compliance with certification standards and for evaluating the impact of patient centered medical homes on health care quality, cost, and outcomes.

(B) The department may contract with a private entity to evaluate the effectiveness of certified patient centered medical homes. The department may provide the entity with data collected under division (A) of this section.

(C) The department may contract with national independent accrediting and medical home organizations to provide on-site evaluation of primary care practices and verification of data collected under division (A) of this section.

(D) Data collected under this section is not a public record under section 149.43 of the Revised Code.
