

## Ohio Revised Code

### Section 3707.73 Purpose.

Effective: October 17, 2019

Legislation: House Bill 166 - 133rd General Assembly

---

The purpose of a fetal-infant mortality review board is to decrease the incidence of preventable infant and fetal deaths by doing all of the following:

- (A) Assessing, planning, improving, and monitoring the service systems and broad community resources that support and promote the health and well-being of women, infants, and families;
  
  - (B) Recommending and developing plans for implementing local service and program changes, as well as changes to the groups, professions, agencies, and entities that serve families, children, and pregnant women;
  
  - (C) Providing the department of health with aggregate data, trends, and patterns regarding fetal and infant deaths.
