

## Ohio Revised Code

### Section 3721.65 No discrimination for use of electronic monitoring device.

Effective: March 23, 2022

Legislation: Senate Bill 58 - 134th General Assembly

---

No person or resident shall be denied admission to or discharged from a long-term care facility or otherwise discriminated or retaliated against because of the decision to authorize the installation and use of an electronic monitoring device in a resident's room in the facility.
