

Ohio Revised Code

Section 4121.50 Rules to implement coordinated services program for prescription drug abuse.

Effective: September 29, 2013

Legislation: House Bill 59 - 130th General Assembly

Not later than July 1, 2012, the administrator of workers' compensation shall adopt rules in accordance with Chapter 119. of the Revised Code to implement a coordinated services program for claimants under this chapter or Chapter 4123., 4127., or 4131. of the Revised Code who are found to have obtained prescription drugs that were reimbursed pursuant to an order of the administrator or of the industrial commission or by a self-insuring employer but were obtained at a frequency or in an amount that is not medically necessary. The program shall be implemented in a manner that is substantially similar to the coordinated services programs established for the medicaid program under sections 5164.758 and 5167.13 of the Revised Code.
