

## Ohio Revised Code

### Section 4715.57 Continuing education accreditation.

Effective: May 12, 2006

Legislation: House Bill 143 - 126th General Assembly

---

(A) Each person seeking approval for an educational program in dental x-ray machine operation shall apply to the state dental board on a form the board shall prescribe and provide. The application shall be accompanied by the fee established in rules adopted under division (C) of this section.

(B) The board shall approve educational programs that meet the standards established in rules adopted under division (C) of this section. The approval shall be valid until surrendered by the program or suspended or revoked by the board. A program's approval may be suspended or revoked if the program does not comply with applicable requirements of this chapter or rules adopted under it.

(C) The board shall adopt rules to implement and administer this section. The rules shall be adopted in accordance with Chapter 119. of the Revised Code and shall be no less stringent than any applicable standards specified in 42 C.F.R. 75. The rules shall do at least both of the following:

- (1) Establish the fee that must accompany each application for approval of an educational program;
  - (2) Establish standards that an educational program must meet to be approved by the board.
-
