

Ohio Revised Code Section 4740.08 Reciprocity.

Effective: December 29, 2023

Legislation: House Bill 33

When a written reciprocity agreement between the states exists, and an individual who is registered, licensed, or certified in another state applies to the appropriate specialty section of the Ohio construction industry licensing board submits a copy of the reciprocity agreement, and pays the licensure fee determined pursuant to section 4740.09 of the Revised Code, the appropriate specialty section of the board shall authorize the administrative section to issue, without examination, a license to that individual if the appropriate specialty section of the board determines, pursuant to rules it adopts, that the requirements for registration, licensure, or certification under the laws of the other state are substantially equal to the requirements for licensure in this state and that the other state extends similar reciprocity to persons licensed under this chapter. The appropriate specialty section of the board may withdraw its authorization to the administrative section for issuance of a license for good cause prior to the administrative section's issuance of the license.

An individual who is issued a license under this section is not required to obtain a license under section 4740.06 of the Revised Code.
