

Ohio Revised Code

Section 4907.54 Compulsory interlocking.

Effective: October 1, 1953

Legislation: House Bill 1 - 100th General Assembly

If the tracks of a railroad or electric railway cross at grade the tracks of a railroad or electric railway previously constructed, the former shall provide interlocking works or other fixtures satisfactory to the public utilities commission at such crossing, and pay the costs of such fixtures and the expenses of installing them. The maintenance and operation of such fixtures shall be apportioned equally between the railroads by the commission. This section does not apply to crossings of sidetracks only.
