

Ohio Revised Code

Section 504.123 Publication and certification of resolutions in book form.

Effective: October 3, 2023

Legislation: House Bill 33 - 135th General Assembly

When resolutions are revised, codified, rearranged, published in book form, and certified as correct by the fiscal officer of the township and the township administrator, such publication shall be a sufficient publication, and the resolutions so published, under appropriate titles, chapters, and sections, shall be held the same in law as though they had been published in a newspaper. A new resolution so published in book form, a summary of which has not been published as required by sections 504.121 and 504.122 of the Revised Code, and which contains entirely new matter, shall be published as required by such sections. If such revision or codification is made by a township and contains new matter, it shall be a sufficient publication of such codification, including the new matter, to publish, in the manner required by such sections, a notice of the enactment of such codifying resolution, containing the title of the resolution and a summary of the new matters covered by it. Such revision and codification may be made under appropriate titles, chapters, and sections and in one resolution containing one or more subjects.

Except as provided by this section, a succinct summary of all resolutions, including emergency resolutions, shall be published in accordance with section 504.121 of the Revised Code.
