

Ohio Revised Code

Section 505.66 Snow removal on public school property.

Effective: December 3, 1971

Legislation: Senate Bill 168

A board of township trustees may remove snow from public school property, or other public property, at the request of the board of education of a city, exempted village, local school district, legislative authority, or governing body. Such board of education, legislative authority, or governing body may reimburse the township for the cost of labor and materials utilized for any such maintenance at a fee mutually agreed upon by the board of education, legislative authority, or governing body and the board of township trustees.
