Section 5165.49 Post-payment reviews of nursing facility Medicaid claims.

Effective: September 29, 2013

Legislation: House Bill 59 - 130th General Assembly

The department of medicaid may conduct a post-payment review of a claim submitted by a nursing facility provider and paid by the medicaid program to determine whether the provider was overpaid. The department shall provide the provider a written summary of the review's results. The review's results are not subject to an adjudication under Chapter 119. of the Revised Code; however, the provider may request that the medicaid director reconsider the review's results. The director shall reconsider the review's results on receipt of a request made in good faith. The department shall not deduct any amounts the department claims to be due from the provider as a result of the review from the provider's medicaid payments pursuant to section 5165.44 of the Revised Code until the conclusion of the director's reconsideration, if any, of the review.
