

Ohio Revised Code

Section 5501.60 Specific interchange requirement.

Effective: June 30, 2023

Legislation: House Bill 23 - 135th General Assembly

(A) When the boundaries of two municipal corporations are adjacent, the department of transportation shall ensure that limited access exit and entrance interchanges to an interstate highway located in those municipal corporations are constructed at intervals of at least one interchange every four and one-half miles when the following conditions exist:

(1) The adjacent municipal corporations each have a population of more than thirty-five thousand according to the most recent federal decennial census.

(2) The municipal corporations are located in different counties.

(3) At least one of the municipal corporations is located in a county with a population of more than one million according to the most recent federal decennial census.

(B) The department shall use money appropriated to it for highway purposes to comply with this section.
