

## Ohio Revised Code

### Section 5512.05 Public hearing for public comment related to project selection process.

Effective: June 30, 1997

Legislation: House Bill 210 - 122nd General Assembly

---

In performing its duty to develop the project selection process, and list of projects, the transportation review advisory council shall conduct no more than six public hearings per year at various locations around the state. At the hearings, the council shall accept public comment related to the project selection process, and on the merits of major new transportation projects. Members of the council shall attend the hearings in person.
