

Ohio Revised Code Section 943.10 Weighing facilities.

Effective: January 1, 1973

Legislation: House Bill 1138 - 109th General Assembly

All weighing facilities operated under the "Packers and Stockyards Act of 1921," 42 Stat. 159, 7 U.S.C.A. 181 as amended, shall be maintained and operated in accordance with rules of the United States department of agriculture; and all other such weighing facilities shall be maintained and operated in accordance with rules of the state department of agriculture. All such weighing facilities not regularly inspected and tested as required by the United States department of agriculture under the "Packers and Stockyards Act of 1921," 42 Stat. 159, 7 U.S.C.A. 181 as amended, shall be inspected and tested under the supervision of the state department once every six months in accordance with rules of the state department. In the event the state department finds, after proper inspection and test, that such weighing facilities are defective it may condemn and seal such weighing facilities and prevent their further use until repairs or renewals have been made to its full satisfaction. The department may utilize the inspection facilities, services, and personnel performing similar functions under the "Packers and Stockyards Act of 1921," 42 Stat. 159, 7 U.S.C.A. 181 as amended, to whatever extent they may be available or desirable in carrying out this section. The operator of such weighing facilities shall bear all costs incident to the testing and sealing of such facilities.
