

## Ohio Revised Code

### Section 4717.23 Prohibited acts by operator of facility prior to cremation.

Effective: September 29, 2017

Legislation: House Bill 49 - 132nd General Assembly

---

(A) No crematory operator or crematory facility shall cremate or allow the cremation of a dead human body, other than one that was donated to science for purposes of medical education or research, until all of the following have occurred:

(1) A period of at least twenty-four hours has elapsed since the decedent's death as indicated on a complete, nonprovisional death certificate filed under section 3705.16 of the Revised Code or under the laws of another state that are substantially equivalent to that section, unless, if the decedent died from a virulent communicable disease, the department of health or board of health having territorial jurisdiction where the death of the decedent occurred requires by rule or order the cremation to occur prior to the end of that period;

(2) The crematory facility has received a burial or burial-transit permit that authorizes the cremation of the decedent;

(3) The crematory facility has received a completed cremation authorization form executed pursuant to section 4717.21 or 4717.24 of the Revised Code, as applicable, that authorizes the cremation of the decedent. A blank cremation authorization form shall be provided by the crematory facility and shall comply with section 4717.24 of the Revised Code and, if applicable, section 4717.21 of the Revised Code.

(4) The crematory facility has received any other documentation required by this state or a political subdivision of this state.

(B) No crematory operator or crematory facility shall cremate or allow the cremation of any body parts, including, without limitation, dead human bodies that were donated to science for purposes of medical research or education, at a crematory facility licensed to operate in this state until both of the following have occurred:
