

Ohio Revised Code

Section 4734.25 License renewal.

Effective: November 22, 2020

Legislation: House Bill 151 - 133rd General Assembly

A license to practice chiropractic from the state chiropractic board expires biennially in accordance with a schedule the board establishes in rules adopted under this section. The license may be renewed. The renewal process shall be conducted in accordance with the standard renewal procedures of Chapter 4745. of the Revised Code, except that the board's executive director shall notify each license holder of the license renewal requirements of this section not later than sixty days prior to the license's expiration date.

When an application for license renewal is submitted, the applicant shall provide the information necessary to process the application and pay a renewal fee in an amount the board specifies in rules adopted under this section. The board shall deposit twenty-five dollars of each renewal fee collected into the state treasury to the credit of the chiropractic loan repayment fund created by section 3702.9810 of the Revised Code.

Before a renewal of license is issued by the board, the licensee shall furnish the board with satisfactory evidence that the licensee has completed during the current licensing period not less than the number of hours of continuing education that the board requires in rules adopted under this section. For an activity to be applied toward the continuing education requirement, the activity must meet the board's approval as a continuing education activity, as specified in rules adopted under this section. Any exception from the continuing education requirement must be approved by the board.

Failure of a licensee to comply with this section shall operate as an automatic forfeiture of the right of the licensee to practice chiropractic in this state. A forfeited license may be reinstated by the board upon payment of all fees due and a penalty fee in an amount the board specifies in rules adopted under this section for reinstatement, in addition to satisfying the board of having complied with the continuing education requirements of this section. If an individual's license has been forfeited for two or more years, the board may also require as a condition of reinstatement that the individual complete training or testing as specified by the board.
