

Ohio Administrative Code

Rule 3769-2-13 Place, time and number of races.

Effective: [March 21, 2024](#)

The permit will set forth the name of the permitholder, the place where the races or race meetings are to be held, the days and time during which racing may be conducted by said permit holder, and the number of parimutuel wagering races to be held daily, not to exceed eleven. Any such permit issued is not transferable or assignable. Upon application the commission may grant special permission for parimutuel wagering races in excess of eleven per day, and may grant special permission for race cards lost because of inclement weather or other emergencies to be made up on subsequent dates at the rate of one race per date or any additional dates within the limitations of section 3769.07 of the Revised Code. The permit holder has to immediately notify the commission of cancellations of race cards or races for any reason. This rule applies to commercial tracks and not to county or independent fairs.
