

Ohio Administrative Code

Rule 4901:3-1-02 Lateral clearance for permanent structures.

Effective: July 1, 2023

(A) Every railroad company, public or private corporation, or person proposing to build any structure or place described in section 4963.42 of the Revised Code which has a lesser clearance than that prescribed in such section shall apply to this commission for a permit to erect such structure or place in the manner prescribed in such section.

(B) Application for the permit provided for in section 4963.43 of the Revised Code should be made on blanks furnished by this commission.

(C) The lateral clearance for such structures are with reference to straight alignment of tracks. On curves, the clearance distance to structures should be increased so as to have the equivalent clearances, and should be measured from a line perpendicular to the place of the top of the rails.
