

## Ohio Administrative Code Rule 901:3-46-07 Bulk containers.

Effective: [September 2, 2017](#)

---

Barrels, drums, and other similar bulk containers used to store or ship maple syrup, honey, or sorghum shall:

- (A) Be made of food grade materials;
  - (B) Be in good condition and constructed to provide an easily cleanable surface;
  - (C) Be cleaned and sanitized prior to filling, and free of water at the time of filling; and
  - (D) Not be used if it has:
    - (1) Previously contained a chemical or other hazardous material including lead or lead based paint;
    - (2) A food-contact surface that is rusted; or
    - (3) Lead solder on the food-contact surface.
-
