

Ohio Revised Code

Section 4928.55 Energy efficiency and weatherization program.

Effective: October 5, 1999

Legislation: Senate Bill 3 - 123rd General Assembly

The director of development shall establish an energy efficiency and weatherization program targeted, to the extent practicable, to high-cost, high-volume use structures occupied by customers eligible for the percentage of income payment plan program, with the goal of reducing the energy bills of the occupants. Acceptance of energy efficiency and weatherization services provided by the program shall be a condition for the eligibility of any such customer to participate in the percentage of income payment plan program. Any difference between universal service fund revenues under section 4928.51 of the Revised Code and any savings in percentage of income payment plan program costs as a result of competitive auctioning under section 4928.54 of the Revised Code shall be reinvested in the targeted energy efficiency and weatherization program.
