

Ohio Revised Code

Section 5180.25 [Former R.C. 3701.614, amended and renumbered by H.B. 33, 135th General Assembly, effective 1/1/2025] Educational materials regarding health risks of lead-based paint.

Effective: January 1, 2025

Legislation: House Bill 33 - 135th General Assembly

(A) The department of children and youth shall develop educational materials describing the health risks of lead-based paint and measures that may be taken to reduce those risks.

(B) As part of the home visiting services described in section 5180.21 of the Revised Code, each eligible family residing in a house, apartment, or other residence built before January 1, 1979, shall receive a copy of the educational materials described in this section. If the date on which the residence was built is unknown to the family or home visiting services provider, the family shall receive a copy of the educational materials.

(C) The educational materials developed and distributed under this section shall be culturally and linguistically appropriate for the families described in division (B) of this section.
