Instructions for completing the Ohio department of job and family services (ODJFS) calendar year medicaid cost report for nursing facilities (NFs)**GENERAL INSTRUCTIONS****OVERVIEW**

As a condition of participation in the Title XIX medicaid program, each NF shall file a cost report with ODJFS. The cost report, including its supplements and attachments, must be filed within ninety days after the end of the reporting period. The cost report shall cover a calendar year. However, if the provider participated in the medicaid program for less than twelve months during the calendar year, then the cost report shall cover the portion of a calendar year during which the NF participated in the medicaid program.

If a provider begins operations on or after October 2, the cost report shall be filed in accordance with rule 5101:3-3-20 of the Ohio Administrative Code (OAC).

For cost reporting purposes, NFs, other than state-operated facilities, shall use the Chart of Accounts as set forth in rule 5101:3-3-42 of the OAC, or relate its chart of accounts directly to the cost report.

ELECTRONIC SUBMISSION OF THE MEDICAID COST REPORT

In accordance with the OAC, all providers are required to use the electronic cost report submission process. Providers have the option of using ODJFS sponsored computer software for electronic submission of the cost report or selecting a vendor from an ODJFS approved list of vendors for an electronically submitted equivalent.

FILING REQUIREMENTS

A complete and adequate medicaid cost report must be filed with the department or postmarked on or before ninety days after the end of each facility's reporting period. Pursuant to Ohio Revised Code (ORC) section 5111.26, a provider whose cost report is filed or postmarked after this date, is subject to a reduction of their per diem rate in the amount of two dollars (\$2.00) per resident day, adjusted for inflation. The late file period will begin at the start of the thirty day termination period and continue until the complete and adequate cost report is received by ODJFS or the facility is terminated from the medicaid program.

A provider may request a fourteen-day extension of the cost report filing deadline. Such requests must be made in writing, including an explanation of the reason the extension is being requested, and must demonstrate good cause in order to be granted. Requests should be made to the Bureau of Long Term Care Facilities, Reimbursement Section.

In the absence of a timely filed complete and adequate cost report, or request for filing extension, a provider will be notified by ODJFS of its failure to file a complete and adequate cost report and will be given thirty days to file the appropriate cost report and attachments. During this thirty day period, the late filing rate reduction described previously will be assessed. If a provider fails to submit a complete and adequate cost report within this time period, its medicaid provider agreement will be terminated according to section 5111.26 (A)(2) of the ORC.

REASONABLE COST

Please read all instructions carefully before completing the cost report.

Reasonable cost takes into account direct, ancillary/support, capital and tax costs of providers of services, including normal standby costs. Departmental regulations regarding the reasonable and allowable costs are contained in Chapter 5101:3-3 of the OAC. In addition, the following additional provisions establish guidelines and procedures to be used in determining reasonable costs for services rendered by NFs:

- Ohio Revised Code and uncodified state law,
- ODJFS-promulgated regulations OAC codified in accordance with state law,
- Principles of reimbursement for provider costs with related policies described in the Centers for Medicare and Medicaid Services (CMS) Publication 15-1 (REV. 11/05),
- Principles of reimbursement for provider costs with related policies described in the Code of Federal Regulations (CFR), Title 42, Part 413 (REV. 10/05).

ROUTINE SERVICES

The OAC lists covered services for all providers who serve NF residents. The OAC delineates services reimbursed through the cost reporting mechanism of NFs, and the costs directly billed to medicaid by service providers other than NFs.

ACCOUNTING BASIS

Except for county-operated facilities which operate on a cash method of accounting, all providers are required to submit cost data on an accrual basis of accounting. County-operated facilities which utilize the cash method of accounting may submit cost data on a cash basis.

OHIO MEDICAID COST REPORT FORMS

The Ohio medicaid nursing facility cost report (JFS 02524N Rev. 01/2010) is designed to provide statistical data, financial data, and disclosure statements as required by federal and state rules. Exhibits to the cost report are part of the documents that may be required to file a complete cost report. Each exhibit to the cost report must be identified and cross-referenced to the appropriate schedule(s). Please refer to Attachment 3 for instruction on the use of exhibits.

COST REPORT SCHEDULES

The provider must complete the information requested on each cost report schedule. Except for the cost report schedules and attachments listed below, responses such as "Not Applicable," "N/A," "Same as Above," "Available upon request," or "Available at the time of Audit," will result in the cost report being deemed incomplete or inadequate. Pursuant to section 5111.26(A)(2) of the ORC, an incomplete or an inadequate cost report is subject to a rate reduction of \$2.00 per resident per day, adjusted for inflation as well as proposed termination of the provider agreement.

Ohio medicaid will notify you when you can begin using NPIs in standard transactions. Applying for an NPI does not replace any enrollment or credentialing processes with medicaid.

2. Schedule A-1, Summary of Inpatient Days

Column 1: Record the number of ODH-certified beds, by month. If the number of beds certified by ODH changed during the middle of any given month, then calculate a weighted average for that particular month rounded to the nearest whole number.

For example:

March 1, 20CY 100 certified beds

March 16, 20CY 120 certified beds

Calculation : (15 days x 100 beds) + (16 days x 120 beds)
divided by 31 days in month of March = 110.3226

Average medicaid certified beds for March 20CY = 110

Column 2: Record the number of authorized skilled, intermediate, and pending medicaid patient days, by month.

Column 3 and 4: Record the total monthly reimbursable leave days for medicaid residents [see the OAC - coverage of medically necessary days and limited absences].

NFs report each medically necessary day and limited absence as 50% of an inpatient day.

For Example:

January 20CY 100 certified beds

January 20CY 3100 bed days available
(100 certified beds x 31 days in January)

Actual number of days residents are in facility = 3000
Actual number of days residents out of facility on medical leave = 60
Actual number of days residents are out of facility on therapeutic leave = 40

Report as follows:

Column 3	Hospital Leave Days	30	(60 days x 50%)
Column 4	Therapeutic Leave Days	20	(40 days x 50%)

Column 5: Total of columns 2, 3, and 4. Carry the total on line 13, column 5 forward to Schedule A, line 7.

Column 6 Record the number of Medicaid managed care days

Column 7,
8 and 9: Record the number of inpatient days for non-medicaid eligible residents, by month. Leave days should not be included in these columns but should be reported on Attachment 4.

Column 10: Record the number of inpatient days for all residents, by month. This column is the sum of columns 5 through 9.

The day of admission, but not the day of discharge, is an inpatient day. When a resident is admitted and discharged on the same day, this is counted as one inpatient day. Inpatient days include those leave days that are reimbursable under the Ohio medicaid program. Private leave days are not included as inpatient days. Carry the total on line 13, column 9 forward to Schedule A, line 4, column 1.

Pursuant to the OAC, reimbursement may be made to reserve a bed for not more than thirty days in any calendar year for any combination of hospital stays or visits with friends or relatives or participation in therapeutic programs.

Reimbursement of medically necessary leave days and limited absences is fifty per cent (50%) of the facility's per diem rate. This reimbursement is payment in full, and the NF may not seek supplemental payment from the resident.

3. Attachment 4, Paid Nonmedicaid Leave Days

Record the monthly non-medical leave days paid for by payers other than ODJFS.

4. Schedule A, Page 1 of 2, Statistical Data

Lines 1 and 2: Licensed Beds:

Enter the total number of beds licensed by ODH in column 2. Enter the total number of beds licensed by ODH and certified by medicaid in column 1. Temporary changes because of alterations, painting, etc. do not affect bed capacity.

Line 3: Total Bed Days:

For column 1, this amount is determined by multiplying the number of days in the reporting period by the number of beds licensed by ODH and certified by medicaid during the reporting period. Take into account increases or decreases in the number of beds licensed and certified and the number of days elapsed since the increase or decrease in licensed and certified beds.

For column 2, this amount is determined by multiplying the number of days in the reporting period by the number of beds licensed by ODH during the reporting period. Take into account increases or decreases in the number of beds licensed and the number of days elapsed since the increases or decreases.

Line 4: Total Inpatient Days:

For column 1, obtain the answer from Schedule A-1, column 10, line 13. For column 2, enter the total number of inpatient days for the facility for all ODH licensed beds.

Line 5: Percentage of Occupancy:

This amount is the proportion of total inpatient/resident days to total bed days during the reporting period. Obtain the answer by dividing line 4 by line 3.

Line 6: Ancillary/Support Allowable Days:

For computing Ancillary/Support costs, ODJFS will not recognize an occupancy rate of less than 90%. If percentage of occupancy is 90% or more, enter the number of inpatient days stated on line 4. If percentage of occupancy is less than 90%, enter 90% of the number of bed days stated on line 3 (See the OAC). For providers on the medicaid program less than 12 months, also consult the OAC.

** Number of beds involved in the change refers only to those beds which were added, replaced, or removed.

5. Attachment 1 – Revenue Trial Balance

Column 2: Enter total revenue for each line item.

Column 3: Enter any adjustments. Detail the adjustment(s) on your exhibit and submit with the cost report.

6. Schedule A-2, Determination of Medicare Part B Costs to Offset:

This schedule is designed to determine the amount of Medicare Part B revenue to offset on the cost report by cost center to comply with the OAC.

Section A: Revenues

Lines 1a, 2a, and 3a List gross charges for all residents by payer type. Gross charges must be reported from a uniform charge structure that is applicable to all residents. Revenue reported under chart of account numbers 5080 (medical supplies-routine), 5100 (medical minor equipment-routine), and 5110 (enteral nutritional therapy) must be distributed among all non-medicare categories.

Lines 1b, 2b, and 3b: For columns 2 through 7, these lines represent the percentages of the individual revenue reported by payer type divided by the total revenue reported in column 8. Report the percentages by payer type and limit the precision to four places to the right of the decimal. The total of all percentages must equal 100%.

Line 4: Total all revenue reported on lines 1a, 2a, and 3a.

Section B: Costs

Line 5: Enter the ratio of Medicare Part B charges where the primary payer is medicaid from column 2 line 1b, 2b, and 3b. These ratios must be entered in the corresponding column, e.g., medical supplies percentage from column 2 line 1b must be entered on line 5, column 2 medical supplies.

Line 6: Enter the corresponding costs from Schedules B-2 and C, column 3 in the appropriate column.

Line 7: Multiply line 5 times line 6. The result is the costs to offset on the appropriate line on Schedule B-2 and C, column 4.

Section C: Ancillary/Support Cost-Offset

NOTE: Failure to complete Schedule A-2 will result in all Medicare Part B revenue being offset against direct care expenses on Schedule B-2, line 15.

7. Attachment 5, Nurse Aide Training Statistical Information

NFs must report the number of nurse aides completing continuing education as well as the number of nurse aides trained. For the purpose of the cost report, continuing education is formal in-service education provided by the facility. Also, report any date spans in which nurse aide training was prohibited due to sanctions during the cost reporting period. A contract entered into by two or more persons in which each agrees to furnish a part of the capital and labor for a business enterprise and by which each shares in some fixed proportion in profits and losses.

Corporations – An invisible, intangible, artificial creation of the law existing as a voluntary chartered association of individuals that has most of the rights and duties of natural persons but with perpetual existence and limited liability. Any person, singly or jointly with others, and without regard to residence, domicile or state of incorporation may form a corporation. A "person" includes any corporation, partnership, unincorporated society or association and two or more persons having a joint or common interest. In the ORC, unless a corporation is specified as nonprofit, it is assumed to be for-profit.

Limited Liability Companies – An unincorporated company formed under applicable state statute whose members cannot be held liable for the acts, debts, or obligations of the company and that may elect to be taxed as a partnership. 19. Schedule E, Balance Sheet

Enter balances recorded in the facility's books at the beginning and at the end of the reporting period in the appropriate columns. Where the facility is a distinct part of a NF, enter total amounts applicable only to the distinct part.

20. Schedule E-1 (Optional), Return on Equity Capital of Proprietary Providers

Schedule E-1 (Optional) is provided for computing equity and the average equity capital amount.

Lines 1 through 21 - calculate equity.

Note: Lines 8 through 21 - Must specifically identify any amounts entered. An example of amounts that may be included on these lines is inter-company accounts.

Lines 23 through 34:

Column 2: Enter the equity capital as of the beginning of the reporting period, as computed on Schedule E-1, line 22, column 1. This amount will be the same for all months during the period.

Column 3: List by month, capital investments made during the period. Capital investments include cash and other property contributed by owners and proceeds from the issuance of corporate stock. Do not include loans from owners. The amount entered on the appropriate line in column 3 is carried forward to subsequent months in the period, and is increased by additional contributions in the month(s) in which such contributions are made.

Column 4: Enter net gain or loss from the disposition of assets. This column indicates the cumulative amount for the period.

- Column 5: Enter amounts withdrawn by owners or disbursed for the personal benefit of owners as well as the amounts paid as dividends to corporate stockholders. This column indicates the cumulative amount for the period, e.g., if withdrawals occur at the rate of \$600 per month, the first month of the period will show \$600, the second month \$1200, etc. However, if withdrawals are made and are reflected in the profit or loss for the period, e.g., salaries, the withdrawals should not be entered in this column.
- Column 6: Enter other changes in equity capital such as loans from owners (increases) and repayments of same (decreases). Unrestricted donations and contributions are also entered in this column (refer to CMS Publication 15-1, section 1210(A) (REV. 10/05)). Beginning with the first month in which a transaction occurs, the applicable amount is carried forward to subsequent months, and is increased by additional loans or decreased by repayment of loans.
- Column 7: Equity capital increases or decreases as income is earned or as losses are incurred by the provider during the reporting period. The net amount of change in equity capital, from this category of transactions, is determined by analyzing the difference between equity capital at the beginning of the period and equity capital at the end of the period. From this net increase or decrease in equity capital are subtracted the amounts included under the other categories of changes on Schedule E -1, columns 3 through 6. The remainder represents the increase or decrease due to operations; however, any amount for a return on equity capital included in the interim payments is further subtracted from this remainder. The increase or decrease due to operations is considered as earned uniformly during each month of the reporting period and affects equity capital cumulatively. For example, if the net increase due to profits in operations for 12 months is \$24,000, \$2,000 would be shown in the first month, \$4,000 in the second month, etc.
- Column 8: Add columns 2 through 7. If the result is a negative amount, enter zero.
