

## Appendix B to Rule 5101:2-14-13

**Handwashing**

The provider shall wash hands with liquid soap and water for at least 15 seconds:

- After toileting or assisting a child with toileting.
- After changing diapers or pull-ups. Hand washing after diaper changes shall occur in a sink that is not used for meal preparation and is away from the food serving area.
- After contact with bodily fluids or cleaning up spills or objects contaminated with bodily fluids.
- After taking off disposable gloves.
- After cleaning or sanitizing or using any chemical products other than detergent.
- After handling pets, pet cages or other pet objects that have come in contact with the pet.
- Before eating, serving or preparing food or bottles or feeding a child.
- Before and after completing a medical procedure or administering medication.

The child shall wash hands with soap and water and assisted as needed:

- After toileting.
- After contact with bodily fluids.
- After returning inside after outdoor play.
- After handling pets, pet cages or other pet objects that have come in contact with the pet.
- Before eating or assisting with food preparation.
