

Ohio Administrative Code Rule 111:3-9-14 Re-examination; periodic.

Effective: [October 11, 2025](#)

(A) The board of voting systems examiners or the secretary of state shall periodically examine, test, and inspect certified equipment to determine continued compliance. Such re-examination shall be conducted every five years for all equipment.

(B) The board of voting systems examiners shall provide the vendor with a written notice of re-examination along with a date by which the equipment must be submitted for re-examination.

(C) The board of voting systems examiners may withdraw certification if the vendor fails to submit the equipment for re-examination within the time set forth by the board.

(D) Any examination, test, or inspection for the purpose of continuing certification shall be performed in the same manner as the initial approval and certification.
