

Ohio Administrative Code

Rule 111:3-9-15 Withdrawal of certification; grounds.

Effective: [October 11, 2025](#)

The following shall serve as grounds upon which the secretary of state may withdraw the certification of equipment:

- (A) A board of elections notifies the board or secretary of state of a significant problem with the equipment;
 - (B) The board of voting systems examiners or secretary of state determines that the equipment fails to meet the requirements necessary for approval or continued compliance;
 - (C) The board of voting systems examiners determines there are significant enhancements or adjustments to the hardware or software;
 - (D) The vendor fails to notify the secretary of state of significant enhancements or adjustments to the hardware and software;
 - (E) The vendor fails to submit the equipment for re-examination upon written request by the board of voting systems examiners.
-
