

Ohio Administrative Code

Rule 123:5-3-12 Monitoring the purchasing activities of a government ordering office.

Effective: July 17, 2014

The office of procurement from community rehabilitation programs may periodically and routinely review and monitor the purchasing practices and activities of government ordering offices and their duly appointed designees for compliance with the requirements promulgated in sections 125.60 to 125.6012 of the Revised Code. As part of its report of its activities, the administrator shall submit to the director of administrative services a copy of each review performed of the practices and activities of government ordering offices monitored over the past year.
