Rule 1301:18-5-02 Cultivator Uninterrupted Supply of Cannabis.

Effective: December 20, 2024

(A) Each cultivator shall conduct its daily business and cultivation activities in a manner that ensures a consistent supply of cannabis plant material is available for sale to customers.

(1) Evidence of a cultivator's consistent supply pursuant to this rule is shown by not more than one hundred twenty calendar days elapsing between both of the following:

(a) Harvests totaling at least fifteen pounds of cannabis plant material; and

(b) Sale or transfer totaling at least twenty pounds of cannabis plant material for level I cultivators and ten pounds of cannabis plant material for level II cultivators.

(B) A cultivator may petition the division of cannabis control to toll computation of the timeframes provided in paragraph (A) of this rule. Such a petition shall be in writing and provide:

(1) An explanation of the facts and circumstances that prevent the cultivator's compliance with paragraph (A) of this rule; and

(2) A written plan, outlined in specific detail with the cultivator's intended actions and projected timeline, to ensure the cultivator complies with this rule.

(3) Upon receipt of a petition under this paragraph, the division may stay the requirement of paragraph (A) of this rule for the cultivator. A division order staying the requirement of paragraph (A) of this rule will state the date upon which the stay is lifted.
