

Ohio Administrative Code Rule 1501:15-5-10 Wind erosion.

Effective: December 23, 2010

Each owner, operator, or person responsible for agricultural and silvicultural operations shall prevent pollution caused by wind erosion. Agricultural and silvicultural operations found by the chief or the chief's designee to have failed to implement best management practices (BMPs) to prevent wind erosion and have caused pollution to waters of the state shall apply and maintain BMPs such that the predicted soil loss from wind erosion, under a given set of cropping and management conditions is equal to or less than "T" as predicted by the "Field Office Technical Guide."
