

Ohio Administrative Code

Rule 1501:46-2-41 Private breakwater license fee.

Effective: June 30, 2024

It is unlawful for any person to construct a breakwater in any lake administered by the division without first obtaining a license from the chief. The license will be valid for up to twenty-five years at which time a new license must be obtained. The fee for the license is six dollars per square foot of breakwater. The square footage is to be calculated on the base dimensions of the breakwater. This fee is in addition to fees charged by other agencies or other divisions in the department of natural resources. The breakwater license does not authorize the construction of private docking structures or the mooring of watercraft.
