

Ohio Administrative Code Rule 1501:9-3-02 Exceptions.

Effective: June 1, 1982

Chapter 1501:9-3 of the Administrative Code shall not apply to input wells for gas or air, service wells, enhanced recovery wells, natural or artificial brine wells, wells drilled into gas storage reservoirs, or wells for the exploration for or extraction of minerals or energy, including but not limited to the mining of sulfur by the Frasch process, the solution mining of minerals, the in-situ combustion of fossil fuels, or the recovery of geothermal energy.
