

Ohio Administrative Code Rule 1501:9-5-02 Exceptions.

Effective: June 1, 1982

Chapter 1501:9-5 of the Administrative Code shall not apply to saltwater injection wells, liquid waste disposal wells, natural or artificial brine wells, wells drilled in a gas storage reservoir, or wells in which natural gas from a pool is recycled in the same pool for the purpose of retarding pressure decline, or wells for the exploration for or extraction of minerals or energy, including but not limited to the mining of sulfur by the Frasch process, the solution mining of minerals, the in-situ combustion of fossil fuels, or the recovery of geothermal energy.
