

Ohio Administrative Code

Rule 164-1-17 Multi-subcivision and multi-district projects.

Effective: April 20, 1998

(A) The director shall not approve, and the administrator shall not recommend, any project involving the participation of two or more subdivisions or two or more districts unless the project applicant supplies written assurances, signed by an authorized agent or representative of each such subdivision or district, that the subdivision or district will cooperate fully with the applicant, including the execution of all needed legal actions, to ensure completion of the project as planned.
