

Ohio Administrative Code Rule 164-1-35 District methodologies.

Effective: February 15, 2024

Districts shall, on an annual basis, create methodologies to be used in evaluating and ranking project applications submitted to the district. These methodologies shall be submitted to the director for review and approval or disapproval. If the director disapproves the submitted methodologies, the director shall communicate the reason(s) for disapproval to the district, and the district shall revise the methodologies and resubmit them to the director for approval. District methodologies must include a two-tier tiebreaker using the methodology's criteria. If a district is not going to change its methodologies, the district shall notify the director that the methodologies will not be changed. District proposed methodologies shall be submitted to the director along with the annual program schedule. The program schedule shall set forth the timing requirements for submission of applications and the processing of applications by the district and shall include a current roster of the district integrating committee and their contact information. Districts shall provide applicants with a period of no less than sixty days after the director's approval of their methodologies to accept project applications.
