

Ohio Administrative Code

Rule 164-2-24 Structures.

Effective: February 15, 2024

A natural resources assistance council may establish a policy permitting funding to be used to acquire and/or demolish existing structures located upon real property to be acquired with clean Ohio funds. The NRAC's policy must be finalized prior to a funding round and specified within the NRAC's project selection methodology. The existing structures may have future uses as nature and/or outdoor education centers, park offices, and/or storage relating to conservation activities occurring on the property, but under no circumstance shall these structures be used as a residence.
