

Ohio Administrative Code

Rule 173-2-03 AAAs: fiscal standards and intrastate funding formula (IFF).

Effective: [October 1, 2025](#)

(A) The IFF determines how AGE distributes the state's Title III and Title VII Older Americans Act funds to each PSA, unless federal or state laws instruct AGE to distribute the funds in another manner. The standards to prepare, develop, and publish the IFF are established by 45 C.F.R. 1321.49 and 42 U.S.C. 3025(a), and (d), using the best available data.

(B) AGE publishes a notice on AGE's website, along with the proposed IFF, and provides an announcement of the notice by e-mail to the AAAs and interested parties who have subscribed to AGE announcements on rules review to obtain public comment from older individuals, family caregivers, other appropriate agencies and organizations, and the general public.

(C) AGE conducts a review, update, and submission of the IFF for approval to the assistant secretary for aging through the state plan process, as required by 45 C.F.R. 1321.33.

(D) The appendix to this rule lists applicable fiscal standards for Older Americans Act funds.
