

## Ohio Administrative Code

### Rule 3301-25-09 Two-year school speech-language pathology student permit.

Effective: September 22, 2007

---

A two-year school speech-language pathology student permit, which may be extended for one year, shall be issued at the request of the superintendent of a city, educational service center, local, exempted village or joint vocational school district, or chartered nonpublic school or community school to a qualified individual who meets the following conditions: is deemed to be of good moral character; and is the holder of a currently valid speech-language pathology student permit issued by the Ohio board of speech-language pathology and audiology.
