

Ohio Administrative Code

Rule 3304-2-66 Conditions for providing self-employment services.

Effective: December 8, 2025

(A) OOD shall provide services to implement a self-employment business only after the individual with a disability has an attainable, written business plan as determined and as may be required by OOD.

(B) OOD's financial contribution to purchase an existing business shall be preceded by a legal and fiscal review for liens, litigation or other hidden costs.

(C) OOD funds shall be used to support a self-employment outcome only when the individual with a disability is a majority owner of the business.

(D) OOD shall not participate as an ongoing investor in any business. The individual with a disability shall have alternate plans for continued business funding.

(E) Equipment purchased for the business shall be justified in the business plan and included in the individualized plan for employment.
