

## Ohio Administrative Code Rule 3333-1-65 Definitions.

Effective: February 17, 2015

---

For purposes of college credit plus rules:

(A) A secondary school includes both a public secondary school and a participating nonpublic secondary school.

(1) A public secondary school has the same meaning as defined in section 3365.01 of the Revised Code.

(2) A nonpublic secondary school has the same meaning as defined in section 3365.01 of the Revised Code.

(3) A participating nonpublic secondary school means any nonpublic secondary school that does any of the following:

(a) Enters into an agreement with an institution of higher education to offer courses to its students under the college credit plus program;

(b) Promotes to its students the option to participate under the college credit plus program;

(c) Enrolls a student that is receiving or is approved to receive funding under the college credit plus program.

(B) Institution of higher education includes both a public college as defined in section 3365.01 of the Revised Code and a participating private college, which has the same meaning as defined in section 3365.01 of the Revised Code.

(C) Textbooks include paper and electronic and other purchased coursework materials.

(D) Fees include, but are not limited to, costs or fees charged for postsecondary enrollment application, activities required by the postsecondary institution that may enhance a students likelihood of academic success, course-related or laboratory fees.
