

Ohio Administrative Code

Rule 3335-5-44 Constituent bodies of the senate.

Effective: June 25, 2026

Subject only to the provisions listed in this paragraph, the representatives to the senate of the administration, of the faculty, the students, and the staff shall have the right to meet separately and to organize themselves in whatever manner they shall deem appropriate. As far as the senate is concerned, these bodies represent separate memberships. They may initiate proposals and submit them to the university senate for consideration. The senate, however, shall be independent of these bodies, and its actions shall not need their concurrence nor be subject to their review.

- (A) The members of the administration shall designate to the university senate office one person or officer responsible for submitting to the senate those proposals and recommendations which come in the name of the administration.
- (B) The elected faculty representatives to the senate shall constitute the faculty council. The faculty council shall designate to the university senate office one person or officer responsible for submitting to the senate those proposals and recommendations which come in the name of the faculty council.
- (C) The undergraduate student government, the council of graduate students, and the inter-professional council shall each designate to the university senate office one representative to be responsible for submitting to the senate those proposals and recommendations which come from those respective groups.
- (D) The staff representatives to the senate shall designate to the university senate office one staff senator or the chair of USAC to be responsible for submitting to the senate those proposals and recommendations which come from the staff.
- (E) Nothing in this rule shall be construed as restricting the right of a principal standing committee or of individual members speaking for themselves to submit proposals for senate action to the steering committee, or directly to the senate.
