

Ohio Administrative Code Rule 3335-6-01 General considerations.

Effective: October 20, 2009

(A) Peer review provides the foundation for decisions regarding faculty appointment, reappointment, and promotion and tenure (except when the provisions of paragraph (H) of rule 3335-6-03 of the Administrative Code are invoked.) Peers are those faculty who can be expected to be most knowledgeable regarding an individual's qualifications and performance--normally tenure initiating unit colleagues. Because of the centrality of peer review to these review processes, faculty vested with responsibility for providing peer review have an obligation to participate fully and knowledgeably in review processes, to exercise the standards established in faculty rule 3335-6-02 of the Administrative Code and other standards specific to the academic unit and discipline, and to make negative recommendations when these are warranted to maintain and improve the quality of the faculty. Recommendations by the faculty vested with the responsibility for providing peer review will be accepted unless they are not supported by the evidence presented regarding how the candidate meets the standards established in faculty rule 3335-6-02 of the Administrative Code and other standards specific to the academic unit and discipline. When, for the reasons just stated, a decision regarding faculty appointment, reappointment, or promotion and tenure differs from the recommendation of the faculty, the administrator or body making that decision will communicate in writing to the faculty body that made the recommendation the reasons that the recommendation was judged not to be supported by the evidence.

(B) In accordance with a policy of equality of opportunity, decisions concerning appointment, reappointment, and promotion and tenure shall be free of discrimination as to race, creed, religion, national origin, age, sex, disability, veteran status, or sexual orientation.
