

Ohio Administrative Code Rule 3341-3-32 Audit- undergraduate.

Effective: July 25, 2018

(A) Policy statement and purpose

This policy explains how students are able to register for courses without receiving credit and the fees that will be incurred for participating in a class as an audit.

(B) Policy

A student who wishes to attend a class without receiving credit for it may register to audit that course. A per-hour instruction fee is charged as if the student had registered for the course for credit. Students may add classes for audit status within seven calendar days from the beginning of classes during fall and spring regular sessions or the first three calendar days of any other session. A student may also change to or from audit status during the first fourteen calendar days of the fall or spring regular sessions or the first five calendar days of any summer session.
