

Ohio Administrative Code

Rule 3342-4-06 University policy regarding solicitation and sales.

Effective: [March 1, 2015](#)

(A) Purpose. To insure the orderly functioning of the university and to permit registered student organizations or university departments an opportunity to supplement their allocated resources, the university permits only these organizations and departments to engage in sales as a part of their legitimate service, educational or fund raising activities.

(B) Implementation. The implementation of this policy shall be the responsibility of the university administration. The appropriate office or offices will establish such administrative policies and procedures as are necessary for the systematic and orderly implementation of this policy. For purposes of expediency and consistency, student organizations, departments, and other university nonstudent organizations should follow the same administrative policy and procedures.
