

## Ohio Administrative Code

### Rule 3342-4-11 University policy regarding formation of student organizations.

Effective: November 1, 2016

---

Purpose. The university is committed to the belief that students have a right to organize and participate in groups whose purposes center on the interests and goals of the individuals involved. Experiences in the areas of interpersonal relationships and decision-making related to the operations of the organizations can be vital learning tools and as such are to be encouraged. In order to implement this commitment, the university encourages students to form student organizations in accord with administrative policies and procedures established for this purpose.
