- (1) The terms of office of faculty members of all standing committees shall begin on August sixteenth and terminate on August fifteenth of the following year, and those of student members shall begin on the first day of the summer term and terminate on the last day of the spring semester.
- (2) The regularly appointed or elected faculty members of all standing committees, except the academic steering committee, shall serve a term of two years. No appointed or elected member shall serve more than two consecutive terms on any committee other than on those committees in which the chairperson serves

3344-13-03

on the academic steering committee. In those cases, members may serve three consecutive terms so long as there would be no more than 50% of the members in their third term. Provision shall be made for staggering the membership so that continuity is provided. In staggering the membership, the one-year appointments or elections shall count as one term of the two-term or three-term consecutive limit (paragraph (D)(1) of this rule).

- (3) For the purposes of representation on committees, freestanding schools are treated as colleges.
- (4) Student members of standing committees shall be appointed by the student concerns committee of the student government association for terms of one year each and may be reappointed for a second term. Such students shall have earned forty-five credit hours as undergraduates or nine hours as graduate students, and shall have a GPA of at least 2.50, for all credit hours earned. If no student volunteer is available through the student concerns committee, an individual committee may recruit students and submit names to the student appointment board for endorsement.
- (5) A person may serve on no more than two standing committees at any one time and then only if one is the academic steering committee or the university personnel committee. No person may serve concurrently on the university faculty affairs committee and the university personnel committee or the university peer review committee. If the chairperson of any standing or ad hoc committee to which faculty members are appointed by the academic steering committee is not an elected member of faculty senate, designation as chairperson thereby makes the chairperson an ex officio limited member of faculty senate so long as the faculty member is chairperson of that committee. This limited membership includes only the right to introduce and discuss motions from the standing or ad hoc committee of which the faculty member is chair. This limited membership does not include any other rights, such as the right to vote or to be included in quorum computations.
- (6) In the event of the death, resignation, or leave of an appointed or elected member of a standing committee, the member shall be replaced for the remaining term of service when one full semester or longer (summer term not included) remains of the member's term of service. Such replacement shall be considered as having served one term of the two-term consecutive limit if a faculty member serves as a replacement for one year or more. Ordinarily, faculty on leave may be temporarily replaced by a faculty member from that faculty member's college, if such replacement is needed. Appointed committee members shall be replaced by the academic steering committee; elected committee members shall be replaced by the faculty senate representatives from the college to which that

3344-13-03

position is allocated. In the event that a vacancy shall occur on the university personnel committee for which a replacement is necessary by the terms of this paragraph, the replacement shall be chosen by election in the faculty senate if time permits, otherwise by the academic steering committee, from at least two nominees identified by the senate members from the college to which the position is allocated.

(7) Unless stated otherwise, ex officio committee and student committee members do not vote.

(C) Annual reports.

The chairperson of each of the standing committees, other than the academic steering committee shall present the committee's plans for the upcoming year to the faculty senate no later than at the second senate meeting and shall make at least one annual report to the faculty senate.
